EXPERIENCE

PERSONAL PROJECTS & SELF-LEARNING

Self-Driven Web Development Projects

2021- Present

- Developed responsive websites using HTML, CSS, and JavaScript, ensuring cross-device compatibility.
- Created a personal portfolio site to showcase projects and skills.
- Educational institutions and online classroom management
- Websites for business
- Used Git/GitHub for version control and deployment on GitHub Pages.

LEADERSHIP

- Led a team project during [course, hackathon, or club] to design and develop a web application, coordinating tasks and ensuring deadlines were met.
- Organized study groups or coding meetups to share knowledge and help peers learn web development concepts.
- Mentored junior learners by answering questions and providing feedback on coding assignments.
